New Finance Reports (Please Read)

Welcome to Power BI We are in the process of upgrading the finance profit and loss reports that are generated and sent each month to operational managers as the software currently in place is antiquated, and has become increasingly unstable as it ha...

What to do if your permissions are not correct...

The above table shows what service/s you have permission to view – Note: these are not the same permissions used for the payroll reports.

If any of the above permissions are not correct please contact the management accounts team to make the changes. Please ensure that you copy your line manager on the email so that we can obtain the authorisation from them to grant you access.

[Full instructions here](#) (Please look in the Frequently Asked Questions)

What to do if the Business Unit Structure is not correct...

If the above table does not accurately reflect the business unit structure please contact the management account team [REDACTED]

e.g. - A Service is not attached to the correct Area
- A Service or Area where the name is not correct
- A Service Status is not correct
